Bloodmobile at Gen. Petroleum
Torrance-Lomita branch of American National Red Cross Volunteers staffed a bloodmobile at General Petroleum Corporation recently from 8 a.m. to 5 p.m., collecting 181 pints of blood. According to Mrs. Gordon S. Jones, blood recruitment chairman, 195 donors reported to the bloodmobile.

Letters to the Editor
To the Editor:
I would like to convey my thanks to both you and your newspaper for the publicity that Emma Smith, T. Andrew, Hanley Rogers, D. Robinson, T. T. Babbitt, M. B. Millar, L. Volen, and Don Hamilton.
Volunteers recently staffed a mobile also at Vickers, Inc. They included co-chairman Mrs. Robert Orsini, Mmes. David McMillan, William Cochran, Tom Hayton, Douglas Thomas, M. Bridges, E. Smith.

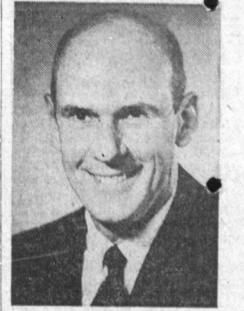

Cranston Explains Importance of Post He Seeks

Alan Cranston, Democratic candidate for state controller, on a recent visit here, expressed surprise over voters' lack of knowledge about "the office with such sweeping power and influence."

"The purse strings of the state are held by the controller," Cranston pointed out. "The treasurer can't take a penny out of the treasury without his permission. And every day, the controller signs 6000 checks disbursing \$15,000,000. It's really amazing that the voting public knows so little about this vitally important position."

Cranston, who has been endorsed by the Democratic party and by key unions throughout the state, is conducting a hard-hitting campaign based on awakening voters to the importance of the controller's office and calling attention to the fact it has been held by the Republican party for the past 68 years.

"Every man to enter the controller's office since 1890 has gotten there by appointment, not by election. Yet the people are supposed to elect their own controller according to the constitution," Cranston stated. "The controller's office is second only to the governor's in its broad scope." Cranston declared. "Some \$1,500,000 of tax money is collected every day by the controller and by commissions under his joint administration on, vitally important commissions affecting the lives of every man, woman and child in California."

ALAN CRANSTON
of the California Democratic Council. He is a native Californian now engaged in the real estate, investment and property management business in Palo Alto. He is a veteran, married, and the father of two young sons.

The Dentist Says: ERNEST J. TARR, D.D.S.

Return to Dentist For Reline
"Should I buy one of the temporary relines materials sold in drug store and reline my denture myself?" asks Mrs. A. B. of Manhattan Beach.
After extraction of the natural teeth, it is normal for the gums to shrink. This shrinkage continues to some extent throughout life. Since your dentist made your plate to fit the contours of your gums at a given time, when tissue shrinkage occurs, your plate may start to loosen. When this happens, return to your dentist for re-adaptation of your plate as he thinks best.
Only your dentist has the skill and "know-how" to refit or rebase dental plates, should it become necessary. Don't attempt a homemade job with so-called lining materials. These materials harden after application and may seriously interfere with the carefully designed contours and delicate measurements which your dentist constructed in your dental plates to insure a good fit.
In my office I am equipped to reline any denture in two hours. This is a permanent relining with the same type plastic that you now have in your denture. Phone me for the exact fee.

Toastmasters Have District Day

The annual "District 51 Day" was celebrated May 17 at the South Gate Civic Auditorium, 4900 Southern ave., South Gate. Delegates and members of more than 40 Toastmasters clubs from all over the District met to attend the District Council Meeting, Educational Program, Banquet and Speech Contest, and to help make "District 51 Day" one to remember.

Ralph O. Lines, Governor of the District called, the meeting to order at 1:30 p.m. Two of the most important items of business were the ratification and approval of amendments to existing by-laws and the election of District officers for the new term, beginning July 1.

The business meeting was followed by an inspiring program on Training for Leadership, presided over by Fred H. Moore, Educational Lieutenant Governor of the District.
The highlight of this program was the talk on "Motivation for Leadership," by Max Skousen, Management-Training Specialist of the Lockheed Aircraft Corporation. Dr. Ralph Smedler, Founder of Toastmasters International, participated in the program.

Banquet and Contests
The Banquet and Speech Contest started at 7 p.m. Hospitality Hour will start at 6:30 p.m.
The toastmaster of the evening was Roy D. Graham, Immediate Past District Governor. Speeches were delivered by the seven best extemporaneous speakers, winners in their 7 Areas, competing for the Championship Trophy and the honor of representing District 51 in the zone contest to be held June 14 at Disneyland Hotel, Anaheim.

Gardena Alumni Hold Dance
The Gardena High School Alumni Association held their annual spring dance Saturday in the Gardena Elks Lodge, Hobart and Market sts., Gardena.
Frank Barton, alumni president, provided another outstanding evening of dancing and music to the band of Allen Harding and his vocalists.

Good Tooth Care for Proper Health

"What is the best way for me to take care of my teeth now that I have had them all fixed up?" asks a young mother from Torrance.
Home care of the teeth has three objectives: (1) Reduce markedly the intake of all sweets such as candy, cake, cookies, etc.; (2) cleansing of the teeth; (3) massaging of the gums. The latter is more important than many people realize.

Beautiful and sound teeth are dependent upon firm and healthy gums. Your daily massage can help improve local blood circulation, thereby increasing resistance to gum disease such as gingivitis, pyorrhea, and trench mouth. Normal gums should be pale pink; if they are deep-red, bluish-red or bleeding, chances are that gums and teeth are not receiving a sufficient blood supply.

Only with correct brushing technique can you take care of both objectives at the same time. Since preservation of teeth is my main concern, I give full instructions to my patients on the proper toothbrushing technique, demonstrating on them with the proper type brush.

Phone for an appointment and remember we are open every evening until 7 p.m.
